

GREVEY CHAMBERTIN 2015

CHATEAU DE MELIN

Built in 1551 by the Rozereau family, the Château de Melin was later bought by Brunet Monthelie, who, in the late XVIIth century, expanded the Château notably by building a second building opposite the first, flanked by wings set at right angles, thus connecting the two buildings. It was in 1999 that the property was acquired by its present owners, Hélène and Arnaud Derats, who undertook the complete restoration of the Château. During this same period, they acquired the family winery, which includes 22 hectares of vineyards located in Côtes de Beaune and Côtes de Nuit regions.
